Havana '58

Designer Series

Havana '58 was designed by Eric Cohler for Kindel's Designer Artist Series. Eric states, "When I was in Havana two years ago, I was touring amazing mid-century hotels from the 50s and 60s. It was all modernism with a nod to the Baroque, sort of an oxymoron. This table was created based on the collective memory of what I saw while in Havana." The tables are clean with a slight edge to them, which is shown in the scalloping on the top. The slight edge elevates the top and adds more dimension to the table. The table is made of Cherry and available in wood finishes or any painted lacquer.
